**The Daylight Store****WE HARDLY KNOW**

Where to start in, there are so many new things. Both floors of our store are packed full of the latest kinds. You will say when shown around that we have outdone ourselves, having a larger and better line of everything than ever before. We don't mean to say that we are it, but we do enthuse over this season's purchases. Here are products of our best efforts.

**DRESS GOODS**

Brown are good, navies are better, and while mixtures make beautiful tailored suits, the more stylish dresses are to be made of light weight materials. Panamas for separate skirts are good, with batiste or the voile effects as a close second.

Silks will be very prominently worn in tailored suits and shirt waist suits and this will be the greatest Silk Coat season for years.

Ask to see Suesine Silk at 45c, all colors; also Foulard Silks at 75c, and a special yard-wide Black Taffeta at \$1.00.

**DRESS GOODS.**

You can get some dress goods ideas from our dress goods window. The latest Black Goods are there in very thin, sheer materials. Some of them are so scarce that we will not be able to get a second order when these are gone.

We have a beautiful German Black Spotless Broadcloth at \$2.75.

While the market is short on lots of kinds of Dress Goods, prices are no more than last season. We have even bought a little better goods for the same money.

**LININGS.**

If you have had our Linings you have seen a difference. The following are our best:

We sell Yarn Mercerized Lining Satines at 25c in black and all colors that will wash and keep their luster. The newest and, we believe, the best.

Mercerized Lining mode is the Sunburst. This comes in black and all colors. The quality is so soft and fine that it is often taken for silk. The price is 35c. (We are agents for Barre.)

Yard-wide warranted Lining Satines in black and all staple colors at \$1.00.

Have your Dress Goods sponged by our Spotless Steam Sponger.

**A WET WEATHER FRIEND**

A good Cravenette Rain Coat is a man's best friend during the "twist wind and water" of the Spring season. So long as water is wet every man should own a Rain Coat. The fabric in our Rain Coats has been put through the waterproofing process and will shed rain and moisture. The garments are made by the same tailors that make our fine Top Coats. They are smart in style; with broad shoulders, and full, loose, stylish backs; while being rain-proof, when occasion demands their protection. We show quite a variety of attractive new styles. \$10.00, \$12.00, \$15.00 to \$22.50. Our Clothing is all backed by our guarantee of "Money back if you want it," and you're always safe here.
